

Pre Primary Newsletter 2023-24

VISION

To provide future citizens with universal qualities and Indian ethos to the society.

MOTTO

Encourage*Enlighten*Empower

CORE PURPOSE

The core values of the institution are Commitment, Honesty, Ownership and Challenges.

Pre Primary Newsletter

THEME OF THE YEAR 2023-24

Mini Olympics was conducted with great zeal. Children participated in various fun races and exhibited true sporting spirit. Our little sports stars were awarded with medals and certificates.

JANMASHTAMI

Little Krishnas and Gopikas adorned the stage and enhanced the vibe of the celebration by dancing beautifully to various tunes. Some of them also enacted the birth story of Krishna and recited slokas.

GRANDPARENTS DAY

Grandparents, like heroes, are as necessary to a child's growth as vitamins. They were honoured by our little ones with their beautiful performances. They enthusiastically participated in fun games and shook a leg to tunes old and new.

CHOCOLATE & SUGAR CANDY DAY

The colors brown and pink evoke feelings of comfort, warmth and hope. Brown also symbolizes earthiness. Children came dressed in different costumes which represent these colors. The little ones spoke confidently about the props that they came in. Cute chocolate and strawberry cupcakes were made by children and given as handouts.

DUSSEHRA

Dussehra symbolizes the victory of good over evil. The activities and stories surrounding Dussehra make the festival memorable for the young learners and set foundation for lifelong lessons in goodness, courage and honesty. This year we had our charming girls dressed up as NavDurgas visiting our school and enacted the significance of each day of Navratri through a dance recital and Dandiya.

EUREKA

The school saw a massive transformation with the foyer areas resembling different themes of animal kingdom and displayed unity in diversity of our beautiful nation. Children exhibited and explained about the models, participated in role plays and also entertained the parents with their traditional dances to welcome them. **EUREKA!! We did it!!**

DIWALI

Diwali, derived from the word Deepavali, means a row of lights and signifies the victory of light over darkness. We celebrated Go Green Diwali at school by children explaining the importance of sound and smoke free Diwali. Children looked bright and danced for a foot tapping number.

HAPPY CHILDREN'S DAY

100 DAYS

Children's Day, which also happened to be the 100th day of school for Pre-Primary children was celebrated with a lot of enthusiasm with mentors performing dances, story enactment and magic show. Children had their fill of fun by dancing and enjoying throughout the day.

Scholastics

Hands on learning makes the process of learning explorative and fun, kinders the imagination and keeps the thoughts rolling. Our tiny tots explored their creativity by engaging in activities like identification of numbers, BAB numbers, Skip counting & Animal Kingdom.

Co-Scholastics
